Source: Edmunds * Prepare to tackle nature with the all new Jeep Renegade. A stiff body structure, a responsive steering system and an integrated KONI frequency selective damping front and rear strut system all add up to premium performance. The Renegade combines iconic Jeep styling with a smaller city friendly package. The available My Sky open-air, dual-panel roof features panels that can simply be retracted or removed completely for true open-air driving. Wheel options range from 16 to 18 inch. Renegade offers a host of over 70 active and passive safety and security features as well. The Renegade is available with two 4x4 systems: Jeep Active Drive on Sport, Latitude and Limited models and Jeep Active Drive Low on Trailhawk models. Both systems feature a rear axle disconnect system that seamlessly switches between two and four-wheel drive. The system increases efficiency when 4x4 isn't needed and enhances traction when it is. Every Renegade 4x4 is equipped with available Selec-Terrain traction control. The system allows the driver to tune traction settings for conditions such as snow,

sand, mud and exclusive to the Trailhawk model an additional rock setting. The Renegade gives you a choice of two powerful, fuel efficient engines including a 160hp 1.4L MultiAir Turbo Engine with 6-speed manual transmission standard to the Sport and Latitude models or a 180hp 2.4L Tigershark Engine with a 9-speed automatic transmission standard on Limited and Trailhawk models. Inside you will be greeted by such features as the Uc
